ABOUT ME

Digital marketing professional with a dual background in communication and data. With a Bachelor's in digital communication and a just-completed Master's in Big Data and AI at CEU San Pablo University, my specialty sits at the intersection of social media strategy and analytics. I translate metrics and engagement data into content strategies that build strong digital communities and measurable brand growth.

PROFESSIONAL EXPERIENCE

Social media manager & data analyst

Instituto Élan de Sexología · Madrid

Apr. 2025 – Present

- Manage social media platforms and built the brand voice from scratch for a sensitive medical niche.
- Translate complex medical information into highly engaging social media formats.
- Analyse social media metrics and KPIs to optimise reach, engagement and audience retention.

Social media & marketing manager

Optisaz · Madrid

Jul. 2025 – May 2026

- Manage the full social media strategy and digital community for a luxury eyewear and hearing-aid clinic.
- Create organic content tailored to the brand's target audience, focused on high-quality visual formats and brand awareness.
- Monitor engagement metrics to adapt the content calendar and achieve consistent community growth.

Junior digital analyst & social media content specialist

PZT by Posizionarte · Madrid

Nov. 2024 – Apr. 2025

- Managed social media accounts and content creation across multiple client portfolios.
- Optimised editorial calendars based on historical performance and audience segmentation.
- Developed monthly performance reports with insights that improved client satisfaction and digital presence.

EDUCATION & ACHIEVEMENTS

Master's in Big Data and Artificial Intelligence

CEU San Pablo University · Madrid

Sept. 2025 – Jun. 2026

- Completed. Selected for the elite "100 Global Leaders" talent programme.
- Focus on applying predictive modelling and generative AI for business strategy optimisation.

Bachelor's degree in Digital Communication

CEU San Pablo University · Madrid

Sept. 2017 – Jun. 2021

- Specialised in digital strategy, brand management and multimedia content creation.
